

Grand County and City of Moab How to Use the Contractor's Portal

<http://grandcountyutah.net/143/Building-Inspector>

General Notes

- ◆ Only permits issued beginning January 1, 2012, have been entered into this system. At this time, only a few permits prior to that date have been entered.
- ◆ Use as little information as possible when searching. This is not like an internet browser search (i.e., Google search) that will offer suggestions; this search will look letter-by-letter, number-by-number, exactly what you enter. For example, if you are searching for an address of 123 N Main St, only enter "123" or your result will not be accurate.
- ◆ Search is NOT case sensitive.
- ◆ Search will result in all records meeting the Search Criteria.

Building Inspector

Welcome to the Grand County Building Department! The Building Department performs building-related functions for all Grand County, including the City of Moab, Castle Valley, and all unincorporated areas of the county.

GENERAL INFORMATION

The Grand County Building Department ensures the county residences and places of business are designed and constructed to standards for safety, quality, and efficiency in accordance with the current adopted building and zoning regulations. Responsibilities include:

- Enforce adopted building codes and standards to protect life and property of those who work, live, or visit Grand County.
- Approve plans and issue permits for all new construction, additions, demolitions, remodeling, fences, retaining walls, pools, etc.
- Conduct scheduled inspections during each phase of construction
- Comply with State of Utah licensing laws for contractors, engineers, and architects
- Conduct business-license inspections
- Abatement of dangerous buildings and structures
- Serve as secretary to the Building Board of Appeals
