BACKGROUND:

I'd like the opportunity to update the County Commission on wildfire fuels reduction work that Utah FFSL and Rim to Rim Restoration have been working on/planning. This includes work along Mill and Pack Creeks (general work as well as Team Rubicon's Operation Slickrock), Pack Creek Ranch, Willow Basin, and Castle Valley. Ideally we would need 15 minutes to present on the work that has been happening.

I listed above the date of May 17th but we don't necessarily need to present that specific day, if there is a better meeting day for us to present that is totally fine.
