I _____ of _____
(Signatories Name) (Name of UOT Partner)

CANADIAN MARKET PROGRAM OPPORTUNITIES

During the continuation of the return to travel period between Canada & Utah we want to implement Canadian programs driving direct partner ROI through room night production. This is why two Expedia campaigns have been proposed. We also want to ensure partners have an ability to stay connected with the Canadian trade through a dedicated training and educational program opportunity with our Keeping Connected Program. This year in Canada we will partner with Travelweek Canada including guaranteed editorial content. In Australia we have options with destination webinars and KarryOn. We will continue with "Greatest Snow" focused programming in both markets.
